“ Aunt Peg was a wonderful person. She was always happy to see me and I her. She was always very up and had and what I remember the most about her is her love of a joke and laughter , lots of laughter. I will always treasure the memories of going over to grandma Hulbert's and My Mom and Aunt Peg would also be there and boy did we have some lively talks ! There was always a lot to talk about with the news on and the National Enquirer stories that we would snicker over, not to mention the shenanigans of all of use kids !

I didn't realize it at the time , but it was a true honor to spend those mornings with matriarchs of the Hulbert clan. A sturdy stock for sure but definitely not a glum lot !!!!

Thanks for all of the lovely memories.

Goodbye for now Aunt Peg. I am sorry you suffered but am glad that you are now at peace. You are gone but not forgotten!

Love Jeff !
