“ Words cannot express how deeply saddened I am to have heard of Ann’s passing. Ann was like a grandma to me. Was such a pleasure to hang at her house, play with the animals, be with her lovely family, she would always feed me and made sure I was comfortable. Ann had a huge role in developing the person I am now. I can see her now calling out her window to me to see how we were all doing. Ann has such a special place in my heart and will truly be missed. Rest in peace Ann, now you are with the love of your life. My deepest condolences to Anna Marie and Laura.
