“ *There are so many memories shared with Chris growing up as his neighbor. Memories of late night fishing, bike rides through the neighborhood and staying up all night playing video games. We have lost contact throughout the recent years but he will definitely be missed. He's taught me a lot with the skills of outdoor activities and I always did kind of look up to him in some ways growing up. And even though he had some rough edges with his life, he had a big heart!! He enjoyed helping others when he could and he was always genuine about it. My condolences to the family and especially to you Nick, love you guys like brothers and I'm truly sorry. God Bless*

“ I'm deeply saddened by Chris's passing. He was, and always will be, one of my closest recovery brothers. He's helped with my sobriety more than I can put into words. I love you, brother, and I await your heartfelt greeting at the pearly gates when my day arrives.
