“ Julie and Family,

*My thoughts and prayers are with your family. I am a former colleague of Ron's and he spoke multiple times of the courage of your son. Since then, I have gone through losing a loved one to this disease. Through this experience I have learned that it also takes a lot of courage on the part of the family, also. It was only with the help of Faith and Family that we have been able to persevere. My prayer is that these tragic events will somehow will be turned from sorrow to peace and comfort through the grace, mercy, and love of God, through His Son, Jesus Christ.*

“ I'm heartbroken to learn of Colin's passing. I have one of the most special memories of Colin though he was not my student and was schooled at home during the time he would have been at the junior high.

During our very first Kick Cancel to the Curb event, in honor of Colin and the many people who battle cancer, I was present with my 8 month old daughter. She was reserved around all of the kids except Colin. When she met Colin, she smiled and reached out to touch his face, and he smiled. He talked to her for a short time and the two of them had their own special conversation as though I weren't there. She must have sensed what a kind and special soul he was. I have always wished I'd captured a picture of the two of them together, but I'm grateful my memory of this moment never fades. It was the most genuine and pure human interaction I've witnessed. My heart is with the Loudermilk family today and always.
