“ Condolences to the Crowder families, I just found out of Dan's passing. I remember after Holliday meals we would go down in Grandma and Grandpa's basement and light sugar packets on fire lol we were pretty good other than that. I'm sure he is giggling about it right now.

“ I consider myself lucky to have known Dan. I would always look forward to seeing him, twice a year, at the TCB Workshops. Tomas is absolutely right as what I remember most is his big smile that would greet you whenever you saw him.

Great engineer, greater man.

“ *Sending big hugs your way Donna, David, and Dan Jr. - Dan gave the best ones. He was always one of my favorite people to visit as a kiddo stopping by Elite and remained a favorite during my time working there and beyond. His warm smile and easy jokes made you feel so welcome and he was so much fun to be around. He could always be counted on to make sure there was never a dull moment at a company picnic or holiday party. Dan will be truly deeply missed by everybody who's had the privilege to meet him. Hoping the fond memories everyone shares here will bring you some comfort during this awful time - Lauren Klouda*
