“ *Gordon attended many of our auctions over the years and it was always a pleasure to speak with him before/during/after all of them. His passion for gas engines and trains was second to none. I remember the day he told me to start auctioning (it was an auction near Minooka). I took his advice and he was in the crowd for my first auction a year later. He was a good man and will be missed by all who knew him. I am truly sorry for your loss.*

“ *I have known Gordon for many years. He was a great neighbor and friend. He was always there if you needed help and was an excellent mechanic. Anytime we had a mechanical problem with our cars, trucks, tractor or any machinery, Gordon could fix it. Being that both our children consisted of many boys, they often played together in the summer, when they were small. Gordon's love for old machinery, cars, etc, made for many interesting conversations.*

*I wish to extend my condolence to his family. May he rest in peace.  
Betty Kinsella and family.*
