“ *Keith was a High School student of mine in the 1970's. He became an excellent automotive technician throughout the years. We lost touch only to greeting when we happened to bump into each other. Around 2010 we got acquainted again and Keith became a valuable moral support as well valued crew member on my drag racing endeavor. We won the first event he went to and we runner-upped a few races also. He served with me until 2015 when his work schedule made it difficult to go to a race. I am honored to have known him and glad to have called him a good friend. You will be missed.*

“ You were the best dad I could have ever asked for. You were always there for me no matter what thick and thin I could always turn to you. My heart hurts so much knowing I will never see you again. But I will always carry you in my heart and I will continue to always try and make you proud. I love you papa.
